

**We are changing the way people,
especially children view food.**

Allow me to extend this invitation to visit and/ or join myself and your fellow chefs @ ChefbyChef.com. We offer you access to our unlimited resources for the latest in culinary events. We further offer you our knowledge of the culinary arts to enhance and further your expertise in the culinary field.

I urge you to accept this invitation and join us @ Chefmaster Suites as we take lunch to a better place. Where our children can grow up healthy and enjoy the better side of life.

If you prefer you may even access "The Lunch Program" through the publications A Chef's Life @ Chefisms.com

Thank you chefs and associates for your creative inputs.

Sincerely,

Richard L. Toney

Chairman
